In a world where technology and globalization are constantly reshaping our sense of community, the concept of home has become more fluid and elusive than ever before. In her thought-provoking and deeply personal new book, *A Place Called Home*, acclaimed author and sociologist Dr. Sarah Jones explores the profound importance of belonging and offers a timely roadmap for finding it in the 21st century.

Through a combination of heartwarming stories, cutting-edge research, and insightful analysis, Dr. Jones argues that home is not merely a physical place, but a state of mind and a feeling of connection to others. She draws on her own experiences as a child of immigrants, a sociologist, and a mother to explore the ways in which our sense of home is shaped by our family, our culture, and our experiences.

Dr. Jones also examines the challenges to belonging in the modern world, including the rise of social media, the decline of traditional community institutions, and the increasing mobility of people and families. She argues that these challenges have made it more difficult for people to feel connected to their communities and to find a sense of place.

However, Dr. Jones also offers a hopeful message. She argues that it is possible to create a sense of home in even the most challenging circumstances. She provides practical tips for building strong relationships, getting involved in our communities, and creating a sense of place in our homes.

*A Place Called Home* is an essential read for anyone seeking to create a sense of belonging in an ever-changing world. It is a book that will inspire you to think more deeply about the meaning of home and to take action to create a more welcoming and inclusive world.

## **Endorsements**

"*A Place Called Home* is a timely and important book. Dr. Jones provides a thoughtful and compassionate exploration of the meaning of belonging in the 21st century. Her insights are invaluable for anyone who is seeking to

create a more welcoming and inclusive world." - **Bryan Stevenson, author of Just Mercy**

"Dr. Jones's book is a must-read for anyone who has ever felt like an outsider. She offers a powerful reminder that we all belong somewhere and that it is possible to find a place to call home." - **Celeste Ng, author of Little Fires Everywhere**

"A Place Called Home is a beautifully written and deeply moving book. Dr. Jones's personal stories and insights will resonate with anyone who has ever searched for a sense of belonging." - **Isabel Wilkerson, author of The Warmth of Other Suns**
