## What is Generalist Social Work Practice?

Generalist social work practice is a broad-based approach to social work that emphasizes the importance of working with clients from all walks of life. Generalist social workers are trained to work with individuals, families, groups, and communities. They are also trained to work with a variety of social problems, including poverty, homelessness, mental illness, and addiction.

## **The Empowering Approach**

The empowering approach is a strengths-based approach to social work practice that focuses on helping clients to identify and build on their strengths. This approach is based on the belief that all people have the potential to change and grow. The empowering approach also emphasizes the importance of collaboration between the social worker and the client. The social worker and client work together to develop a plan that meets the client's needs and goals.
