5 TOP TIPS FOR EFFECTIVE EXAM REVISION

AS RECOMMENDED BY PREVIOUS UNIVERSITY STUDENTS!

1. START EARLY

Don't leave it to last minute! Start revising a couple of weeks before your exams to give your brain time to absorb.

2. PLAN YOUR TIME

Failing to prepare is preparing to fail, so plan wisely. Make a schedule to document what you will revise and when!

3. AVOID YOUR PHONE

Revision is tough, but looking at social media every ten minutes won't help you learn! Put your phone away so you can focus.

4. PRACTISE!

Athletes don't win gold without rigorous training, and neither will you. Actively practising (e.g. doing mock exams) can help re-inforce knowledge.

5. TAKE BREAKS

Your body needs rest in order to get stronger, and so does your brain! Be sure to take regular breaks during revision - your mind will thank you.

Good luck!
