• When making a left turn, you should always:

- Wait until you reach the center of the intersection before you turn
- Pull into the intersection in case the light turns before you are through
- Wait for a small gap in traffic and accelerate
- Start in the left lane if there are two turning lanes

• When making a left turn, you should always:

- Wait until you reach the center of the intersection before you turn
- Pull into the intersection in case the light turns before you are through
- Wait for a small gap in traffic and accelerate
- Start in the left lane if there are two turning lanes

• Your vehicle is going down a long hill and your brakes begin to fail. What should you do?

- Put the gears in neutral
- Look for an escape ramp or an escape route
- Downshift
- Pump the brake pedal
