## **Tanya Tania by Charles Frazier**

In the year 1859, a young woman named Tanya is born into slavery in antebellum North Carolina. But Tanya is no ordinary slave. She is the daughter of a white plantation owner and an enslaved black woman, making her a quadroon, a term used to describe someone with one black grandparent and three white grandparents.

Tanya's unique racial identity gives her a unique perspective on the world. She is not fully accepted by either the white or the black community, and she must constantly navigate the treacherous waters of both worlds. But Tanya is determined to find her place in the world, and she will not be defined by the limitations that others try to impose on her.

Tanya's journey is one of self-discovery and self-acceptance. She must learn to embrace all parts of her identity, both her black and white heritage. She must also learn to stand up for herself and fight for her freedom. Along the way, she will find love, loss, and heartbreak. But through it all, she will never give up on her dream of a better life.

Tanya Tania is a powerful and moving story that explores the complex themes of identity, freedom, and race. It is a story that will stay with you long after you finish reading it.
