- Promoting dialogue and understanding across different perspectives
- Building empathy and compassion for those who are different from us
- Challenging political norms and inspiring social change

Through case studies of innovative theatre projects from around the world, *Towards Civic Theatre* examines how performance can create spaces for public deliberation, build community, and challenge the status quo.

These case studies include:

- The Living Newspaper project in the United States, which used theatre to report on current events and promote social justice
- The Théâtre du Soleil in France, which has developed a unique approach to creating immersive and transformative theatre experiences
- The Rimini Protokoll in Germany, which has pioneered the use of audience participation in its performances

Towards Civic Theatre is a must-read for anyone interested in the intersection of art, politics, and social justice. This book provides a compelling vision for the future of theatre, and it offers practical tools for artists, activists, and educators who want to use theatre to make a positive impact on the world.
