By combining cutting-edge science with ancient wisdom, Dr. Alexander provides a compelling argument that death is not the end but rather a transition to a higher realm of existence. He describes his own NDE as a journey through a realm of pure consciousness, where he encountered beings of light and experienced a profound sense of love and peace.

Dr. Alexander's NDE is not unique. Millions of people around the world have reported similar experiences, and their stories are remarkably

consistent. These experiences suggest that there is more to life than what we can perceive with our physical senses, and that death is merely a doorway to a new and more expansive reality.

In *When Death Comes, Do You Have to Go?*, Dr. Alexander explores the scientific evidence for NDEs and their implications for our understanding of the mind, the brain, and the nature of reality. He also discusses the spiritual lessons that can be learned from NDEs, and how they can help us to live more meaningful and fulfilling lives.

This book is a must-read for anyone who is interested in the nature of life, death, and consciousness. It is a thought-provoking and inspiring work that will challenge your assumptions about the world and your place in it.

Table of Contents

- 1. Chapter 1: The Journey Begins
- 2. Chapter 2: The Realm of Pure Consciousness
- 3. Chapter 3: The Beings of Light
- 4. Chapter 4: The Lessons of the NDE
- 5. Chapter 5: The Science of NDEs
- 6. Chapter 6: The Implications for Our Understanding of Reality
- 7. Chapter 7: The Spiritual Lessons of NDEs
- 8. Chapter 8: How to Live a Meaningful Life

About the Author

Dr. Eben Alexander III is a renowned neurosurgeon and author. He is a graduate of Duke University School of Medicine and completed his residency at the University of Virginia. He has served as an assistant professor of neurosurgery at the Harvard Medical School and is the author of several books, including *Proof of Heaven* and *The Map of Heaven*.

Reviews

"When Death Comes, Do You Have to Go? is a groundbreaking book that will challenge your assumptions about the world and your place in it. Dr. Alexander's NDE is a powerful reminder that there is more to life than what we can perceive with our physical senses, and that death is merely a doorway to a new and more expansive reality."

- Deepak Chopra, author of The Seven Spiritual Laws of Success

"Dr. Alexander's book is a must-read for anyone who is interested in the nature of life, death, and consciousness. It is a thought-provoking and inspiring work that will stay with you long after you finish it."

- Larry Dossey, MD, author of One Mind: How Our Individual Mind Is Part of a Greater Consciousness and Why It Matters
